7 HIR above are First Class, justly popular, and prompt analysing companies. They invite investigation into their condition and solicit business entirely upon their real meets. In point of solvency and reliability and homenable deuting, they have but few equals, and no superiors. They are founded upon the very best securities in the world—first class bonds and meetgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below parand are every way more reliable and permanent than railroad, back, and other stocks, which are subject to the fluctuations of the market, and liable, in times of pania, as the experience of the past tendes, to become almost, if not entirely, valueless. And while there are Companies entering the field of comportion, well calculated to mislead by publishing partial and considered statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital times the amount, and in nost instances four times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for ilberal patronage.

THE HOMESTEAD BILL.—The just and beneficent measure again meets the fate of Cessar in the senate, and has fallen covered with stabs inflicted by democrats. But one voted in favor of the bill, Mr. Rice of Minneson, Senator Donulas being absort by Milwankee.

CHANGE OF TIME.

Taking effect Monday, April 23d, 1800.

Malison and Prairie du Chien, 2.

Milwankee and Way, 7.

Milwankee, 1.

Milwankee, 1.

Milwankee, 1.

Milwankee, 1. nesota, Senator Douglas being absent by reason of an attack of bronchitis. All the rest, twenty-nine in number, were arrayed against the measure. Thus it is once more consigned to the tomb, from whence it will not be researed until the people shall place the government in hands where it will be honestly administered for the good of the

people.

The administration is too much engaged in schemes of its own just now, to allow free men to have free homes, upon the prairies of the west. The bold plunderers of the public treasury must be further pampered and fed while the "mnd sills" are required to labor-and to wait.

But the time will come when the poor man shall have a home granted him as a reward for his toil, and that consummation will be reached, under a Republican AD-MINISTRATION.

Wondell Phillips made a characteristic peech before the Garrisonian abolitionists in New York on Tuesday. We clip a pargraph from it:

"Everything is breaking, and at last the great democratic party is breaking. (Applanse and laughter.) She found out that davery had a right everywhere. It hated the republican motto—'Freedom national, slavery sectional'—and took as its motto, slavery everywhere; and the counterpart is, the democratic party nowhere. (Loud laughter and applause.) It reminds me, of a story that a traveller tells of a bear in northern Asia, which went into a woman's hut where she had just taken off a boiling teakettle, and smelling round with his nose touched the hot iron. Indignant at the offense offered to his nervous system, the bear clasped the kettle, (laughter) and the more it burned him the more he yelled, and the tighter he clasped it until he died. (Renewed laughter.) So the democratic party clasped the motto, slavery everywhere, and the more it damaged it the louder it yelled, and it will die with the hot doctrine in its arms." (Loud laughter and applause.)

A LOTHARIO AROUND .- A German physician, who cut considerable of a dash thro'the streets of Vincennes, Mo., for a few. mouths, and who made love to all the girls that would listen to his sugar-coated words, turned up missing a few days ago, leaving behind him sundry mementos in the shape of unsettled store bills, &c. A letter was received by certain parties there, conveying the intelligence that the ugly little disciple of Æsculapius had a wife and children at Lawrenceburg, Indiana, or somewhere in that vicinity. The Dr.'s effects have been attached. A warning to susceptible young ladies not to become too suddenly enamored of itinerant professional adventurers.

Spruce Been.—Allow an onnce of hope and a spoonful of ginger to a gallon of water. When well boiled, strain it and put in a pint of molasses, and a half onnce or less of essence of spruce; when cold, add a teachp of yeast, and put it into a clean tight eask and let it ferment for a day or two, and then bottle for use. You can boil the sprigs of spruce fir in room of the essence.

HELPER IN THE SENATE. - A pretty good sell" was perpetrated in the House the other day by some of its members, who professed to have just returned from the Sen-ate, and asked every one they met if they during the past five years:

191,392 was it?" eagerly asked the hearers. "Why," responded the relators, "inst as the chaplain of the Senate was opening with prayer, and got as far as 'Oh Lord, thou art our Helper'—to the amazement of the republicans, every demogratic senator drew his Bowie-kuife, and exclaimed in a loud voice, Where is he?' "

GINGER BEER.-A gallon of water is poured over three quarters of a pound of loaf sugar, one ounce of ginger, and the peel of one lemon : when milk warm, the inice of the lemon and a spoonful of yeast are added. It should be made in the evening, and bottled the next morning, in stone boitles, and the corks tied down with twine. Good brown sugar will answer, and the lemon may be omitted if cheapness is required.

A British paper says that the American government is devouring one people's sub-stance piece-weat. The British government will never devour the substance of its subjects in that way. "Won't that has constrictor hite me?" said a small boy to a showman. "Oh no, hoy, he never hites he swallows his wittles whole,"

The Columbia (S. C.) Telescope, a fierce disunion paper, seems getting a little dis-One of the correspondents excouraged, claims Where is the fire that recently burned throughout South Carolina ?" really don't know, but we presume the fireeaters have eaten it up,

A Mr. Gardner fired a pistol at his sweet-beart a few days ago, and has since married her. Who ever dreamed that gunpowder was a love-powder?

SERV.-The following passage at arms has taken place between the Petersburg (Yn.) Press (dem.) and the Intelligencer,

"Democracy still anrives." - Press, "So does the devil,"-Intelligencer, "And as both are now fairly in the field for the next campaign, 'choose ye whom ye will serve." -- Press. "'Of two evils choose ye the least,"-

"IMIT above are First Class, justily popular, and prompt I paying companies. They invite investigation into their condition and solicit business entirely upon their real meets. In point of solveney and reliability and honorable dealing, they have but few squads, and no superiors. They are founded upon the very best securities in the westle—first class benda and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railread, bank, and other stocks, which are subject to the fluctuations of the market, and liable, in times of panic, as the experience of the past tenches, to become almost, if not entirely, valuelses. And while there are Companies entering the field of competition, well calculated to mislend by publishing partial and one-sided statements of their condition, and without a cash surplus on hand sufficient to reinsura their outstanding risks, the above named companies always have and keep over and above their capital lating the amount, and in most instances fine times, needed for the reinsurance of all their risks. THE HOMESTEAD BILL.—The just and beneficent measure again meets the fate of Cresar in the senate, and has fallen covered with stabs inflicted by democrats. But one voted in favor of the bill, Mr. Rice of Minnesota, Senator Douglas being absent by reason of an attack of bronchitis. All the rest, twenty-nine in number, were arrayed against the measure. Thus it is once more consigned to the tomb, from whence it will not be rescued until the people shall place the government in hands where it will be honestly administered for the good of the

The administration is too much engaged in schemes of its own just now, to allow free men to have free homes, upon the prairies of the west. The bold plunderers of the public treasury must be further pampered and fed while the "mud sills" are required to labor—and to wait.

But the time will come when the poor man shall have a home granted him as a reward for his toil, and that consummation will be reached, under a REPUBLICAN AD-MINISTRATION.

Wendell Phillips made a characteristic speech before the Garrisonian abolitionists in New York on Tuesday. We clip a pargraph from it:

"Everything is breaking, and at last the great democratic party is breaking. (Applause and laughter.) She found out that slavery had a right everywhere. It hated the republican motto—Freedon national, slavery sectional —and thok as its motto, 'slavery everywhere;' and the counterpart is, the democratic party nowhere. (Loud laughter and applause.) It reminds me of a story that a traveller tells of a bear in northern Asia, which went into a woman's hul where she had just taken off a boiling teakettle, and smelling round with his nose touched the hot iron. Indignant at the offense offered to his nervous system, the bear clasped the kettle, (laughter) and the more it burned him the more he yelled, and the tighter he clasped it until be died. (Renewed laughter.) So the democratic party clasped the motto, 'slavery everywhere,' and the more it dumaged it the louder it yelled, and it will die with the hot doctrine in its arms." (Loud laughter and applause.)

A LOTHARIO AROUND,-A German physician, who cut considerable of a dash thro the streets of Vinconnes, Mo., for a few nonths, and who made love to all the girls that would listen to his sugar-coated words, turned up missing a few days ago, leaving behind him sundry memontos in the shape of unsettled store bills, &c. A letter was eccived by certain parties there, conveying the intelligence that the ugly little disciple of Absculapius had a wife and children at Lawrenceburg, Indiana, or somewhere in that vicinity. The Dr.'s effects have been attached. A warning to susceptible young ladies not to become too suddenly enamored of itinerant professional adventurers.

SPRUCE BEER .- Allow an ounce of hops and a spoonfal of ginger to a gallon of water. When well boiled, strain it and put in pint of molasses, and a half ounce or less of essence of spruce; when cold, add a teacup of yeast, and put it into a clean tight cask and let it ferment for a dayor two, and then bottle for use. You can boil the sprigs of sprace fir in room of the essence.

HELDER IN THE SENATE .-- A pretty good "sell" was perpetrated in the House the other day by some of its members, who professed to have just returned from the Senate, and asked every one they met if they had "heard of the excitement in the Senate." "Wby. no," would be the reply, "what was it?" "The greatest excitement of the season—far ahead of the Haskin afvir." continued the reporters. "Well : was it?" eagerly asked the hearers. "Why," responded the relators, "just as the chaplain of the Senate was opening with prayer, and got as far as 'Oh Lord, thou art our Helper -to the amazement of the republicans, every democratic senator drew his Bowle-knife, and exclaimed in a loud voice, 'Where is he?'"

Terrible Torondo and how of Life.

A most destructive tornado passed over portions of Illinois and Lova, on Sunday evening last, about the same hour that the storm of rain and bail visited this portion of the country. This storm moved in an easterly direction, and the first we have yet board of its effects was near the Mississippi river at the town of Camanche, fowa, which i situated on the Joya and Nebraska railread, about five tailes from Clinton, and at Albany, Ell, which is about three miles. from Camanche, and about eight miles from Policen, 1B. It caused more destruction of an at these points, than any of the formsdoes of this season, which is already so no god on them.

The relegraph account of this formado eye that it came upon these towns as is whichvind, at 7,00 P. M., and lasted but two and a half minutes. The destruction of property is unparalleled. Not three houses are left standing uninjured in Albamy, and at least fifty persons are wounded, some seriously. The escapes, of course, are micaculous.

In Commacke, on the other side of the river, thirty-two dead bodies have been found in the rains, and more that cannot be got at. The citizens of both places are For without shelper, while their household Farmers is destroyed. Citizens of Fulton. tivens and Clinton repaired to the spot earis is index morning, and were doing all in these power to relieve the sufferers.

scribe the scene of terror which ensued .-All was over in less than three minutes. Not a single business building remains standing in the town, and scarcely a house is left in a habitable condition. Up to 7 A. M. yesterday thirty-eight dead bodies had been recovered from the ruins. The greater portion of the people killed, were in brick houses. Many sought shelter in the cellars of wooden buildings, and in every such instance, though the buildings were demolished, the persons were saved. Besides the thirty-eight bodies found, ten persons are missing at Camanche, and one hundred and twenty-five wounded.

A large lumber raft from the Chippowa river, manned by a crew of 24 men and having two women on board, being opposite Camanche, was completely scattered .-Twenty-one men and the women were lost.

The fown of Albany, Ill., two miles north of Camanchie, was struck by the full force of the tornado, destroying every building in the town-five lives were lost, thirty-five seriously wounded.

The storm traversed seventy miles in Illinois, scattering death and destruction in its course. We have no room at this time for the particulars, which are awful and heart rending in the highest degree. Not only is the destruction of life great, but undreds are wounded, and have lost all their property. The call for assistance has been made upon Chicago, to aid the unfortunate victims of this fearful disaster. HURRICANE AT PATCH GROVE, -- A torfible storm of wind, hail and rain visited the region of Patch Grove in Grant county, last Tuesday. Great damage was done to property by the wind blowing down fences and outbuildings, and by the hail in breaking windows and injuring crops. Mr. Henry Patch alone suffered to the amount of \$500. Sheriff Foster, who passed through the Grove on Thursday, says that the roads were badly obstructed by the broken down timber and foncing strewn along the road.

The mourners (1) are to meet at Baltimore on the 18th ult. to bury him forever more from their sightand hearing, too.

FATAL ACCIDENT .- On Mouday evening last, says the Chicago Journal, a laborer named Welch, was killed by being run over, at Joliet, by a gravel train on the C. & R. I. railroad. DEATH OF THEODORE PARKER.-The fol-London News:

"I have sad news to communicate. Our dear, suffering friend, Theodore Parker, died yesterday evening. Yet, there was never an easier end to a life but lately full of vigor. I saw him about three hours before he died, lying calmly, while life was obbing away unconsciously to himself. He eft written directions for his funeral, limiting to five persons the attending him to the grave, of whom I am one. Many Americans here are expressing their wish to appear as mourners, but it is thought right to abide by his instructions. He desires the eleven first verses of the Sermon on the Mount (the blessings of Jesus) to be read over his grave, and then a plain gray stone, with his name and age, and nothing further of inscription. Mr. Cunningham, a Boston Initarian minister, will read the passage. He is a sincere friend and admirer of Park er. We hope to get a cast taken of Mr. Parker to-day. Mrs. Parker, his poor gentle wife, has hitherto borne up well. Stevenson, who has so long resided with them, was also with him to the last. She thinks, from the peculiar tenderness of his manner yesterday, that he knew he was dying. He had been dreamy for some days, and talked ramblingly of two Theodore Parkers, one here, and one planted in Boston, who would finish his work; perhaps a true thought, only mystically expressed .-Among his last well-connected words were

these " Of course you know I am not afraid to die, though I wish to live and finish much work which I longed to do. I had great powers committed to me, and I have not

half used them." "Since writing this I have seen him ly ing, O so peacefully! I have never seen death under a form so devoid of terror.-

A woman standing in the door of a cottage some yards distant, was knocked down and stanned, but has recovered.

The unfortunate girl was first struck on the back of the head, a dark line the length of her person indicating the passage of the electric fluid. Her clothing was set on fire, and extinguished by the rain, but not CLOTHS. until the body was much scorched. A portion of the metallic hoop she were was melted. From the body of the victim the electricity passed into the earth, in its passage making a hole some three feet deep.—Chicago Journal.

The Augusta (Ga.) Dispatch says mildly that "the candidate of the black republi can party for the presidency is a recreant son of the south—a traitor to the mother that bore him—having been born in Har-din county, Ky., Feb. 12, 1809, and is, there-fore 51 years old. He was a plow-boy, but emigrated to Illinois at the age of 2), where he became captain of a company of volun-teers against the Indians, and, unfortunate ly for the country, escaped the tomahawk and scalping knife."

MILKING IN SILENCE.—At a meeting of the Farmers' club at West Cornwall, Connecticut, one of the members observed that no talking should be tolerated in the yard or among the cows, while milking was going on. Another said he had discharged a man because he would talk and interrupt the milking in his dairy, and that in three days afterward the increase in the yield of milk was equal in value to the amount he would have to pay the man in wages.

CROPS IN KANSAS.—The State Record, published at Topeka, Kansas, of May 26th,

and the substitution of the control of the control

From a recent visit into the country during the past week, we are satisfied that the wheat crop of this section will this year be almost a total failure, not producing, on an average, as much seed as was sown. A large breadth of country was last winter sown to winter wheat, which is now headed out about six inches above the ground, and very thin at that, being literally worthless. Some of the spring wheat put in this spring may produce a partial crop, but a large por-

tion of that is also a failure. This will be a severe blow to Kansas, and we fear will produce a stringency which we have not before felt. It is not too late, how ever, if we have timely rains during the balance of the season, of which there is some prospect, to mitigate the effects of this misfortune, and every farmer owes it, not only to himself, but to the community, to use every exertion in his power, to that end. The land which has been devoted to wheat. may yet be cultivated in corn. buckwheat potatoes, &c. Upon these we will have to rely mainly for the next year, and of them there is a fair prospect of being able to raise a fair crop, if the wheat crop is at once Northern Missouri also suffered extenabandoned, and prompt attention turned to other productions.

Terrible Tornado and Loss of Ltfe.

A most destructive tornado passed over portions of Illinois and Lova, on Sunday evening last, about the same hour that the storm of rain and hail visited this portion of the country. This storm moved in an easterly direction, and the first we have yet beard of its effects was near the Mississippi river at the town of Camanche, Iowa, which is situated on the Iowa and Nebraska railroad, about five miles from Clinton, and at Albany, Ill., which is about three miles from Camanche, and about eight miles from Fuiton, Ill. It caused more destruction of life at these points, than any of the tornadoes of this season, which is already so no ted for them.

The telegraph account of this tornado says that it came upon these towns as a whirlwind, at 7.30 P. M., and lasted but two and a half minutes. The destruction of property is unparalleled. Not three houses are left standing uninjured in Albasome seriously. The escapes, of course, are miraculous.

In Camanche, on the other side of the river, thirty-two dead bodies have been found in the ruins, and more that cannot be got at. The citizens of both places are left without shelter, while their household furniture is destroyed. Citizens of Fulton. Lvons and Clinton repaired to the spot early Sunday morning, and were doing all in their power to relieve the sufferers.

The whirlwind continued through the country passing the towns of Lyndon and five miles south of Morrison, Whiteside county, III. In these towns the killed were Mr. Richmond and Hiram Mann, seriously. and fencing strewn along the road. Jabez Seth and family, and Mr. Davis' sister, slightly.

Loses as far as known at present: Mr. Richmond's house entirely destroyed, and considerable stock killed. Geo. Digby, Jr., house and barn entirely destroyed; John Howard, house much damaged; Benj. Loth, house destroyed; Giles Green, house destroyed; Thos. Smith, house destroyed and stock killed; John McDonald, house destroyed; Jahez Loth, house destroyed.

Duration of the tornado at this point not over ten minutes. It was accompanied by thunder, lightning and hail, and swept everything in its course. No account of it after it crossed Rock river below Sterling,

The Chicago Journal notices the effect of a tornado, which may be a continuation Chicago and Milwaukee railroad, near Waukegan, which passed over a belt of country, --a region between those pleasant suburthe latter sixteen miles, and the former twenty miles from Chicago. Prostrate trees lay beside and across the track, and the beautiful groves, so far as the eye could see, were stripped of their leafy crown-fairly twisted off, many of them, mid-way of the trunks. One dwelling house near Glencoe was entirely demolished. The beautiful park of forest trees on the premises of Lucien Gurney, Esq., of Glencoe, is entirely

LATER .-- 100 LIVES LOST!

We learn from the Chicago Tribune that the first heard of this tornado was in the heart of Linn county, Iowa, near Cedar Rapids, and its latest ravages heard from being near Lee Center, Lee county, Illinois. The entire distance thus traversed is upwards of 100 miles. From Linn county to Lincoln I wish to say a word. It is certainly unjust to Mr. Seward, that he who foundly unjust to Mr. Seward, the Mr. Seward was a seward which who was a seward wh of property was very great. In the town of Dewitt, Clinton county, Iowa, 16 or 18 principles it has, and was its very soul and principles it has, and was its very soul and life, should be thus rudely thrust aside. persons were killed, but the city proper escaped. In one family of fifteen persons, two only escaped alive. Some of the wounded were carried from fifty to one the "dough faces," of the Journal of Comwere in.

At Mechanicsville, it demolished everything in its course, killing sixteen persons. Near Onion Grove fifteen persons were killed. Passing south of Dowitt it killed twenty-seven persons, sixteen on the farm of Thomas Hatfield. It then passed south of | Romassa, destroying the house of David Millard, and killing him and a portion of his family. It then struck Camanche, on to know that every blow struck for Abrathe river; fifty-five persons were killed in ham Lincoln is a blow struck for Gov. Sew-

At Camanche the most appalling force of the tornado was displayed. It is a town of about fifteen hundred inhabitants, situated about fifteen feet above the river, on a level plain, and is compactly built. As the tornado came upon them it resembled an inthe earth. As it came, a peculiar moaning sound struck the ear, and was heard at considerable distance from the track of the storm. Human tongue or pen cappot design. Then also snaved. scribe the scene of terror which ensued .--All was over in less than three minutes. Not a single business building remains standing in the town, and scarcely a house is left in a habitable condition. Up to 7 A. M. yesterday thirty-eight dead bodies had been recovered from the ruins. The greater portion of the people killed, were in brick houses. Many sought shelter in the cellars of wooden buildings, and in every such instance, though the buildings were demolished, the persons were saved. Besides the thirty-eight bodies found, ten persons are missing at Camanche, and one

hundred and twenty-five wounded. A large lumber raft from the Chippewa river, manned by a crew of 24 men and having two women on board, being opposite Camanche, was completely scattered.— Twenty-one men and the women were lost.

The town of Albany, Ill., two miles north of Camanche, was struck by the full force of the tornado, destroying every building the public library of the city of Boaton. in the town-five lives were lost, thirty-five seriously wounded.

The storm traversed seventy miles in Illinois, scattering death and destruction in its course. We have no room at this time for the particulars, which are awful and heart rending in the highest dagree. Not only is the destruction of life great, but hundreds are wounded, and have lost all their property. The call for assistance has been made upon Chicago, to aid the unfortunate victims of this fearful disaster. Let it not be upon that city alone, but let all the towns of the west do as they would be done by in such a case.

MEANNESS IN ELECTIONEERING .-- At every presidential election, some newspaper will distinguish itself for meanness and falsehoods above all others. When it has earn ed its title fully it is relied upon by its party to manufacture all the falsehoods required N. Y., on the 18th of June, with military for the campaign, which other presses will not originate for themselves, but which they will re-publish from the father of lies; not considering themselves quite as guilty as if they had made the lie originally. The New York Herald has carned the palm al- points on the line. It thinks the whole ready and will be looked to for the coinage of line to Pacific City will be graded before ny, and at least fifty persons are wounded, all the atrocious falsehoods which may be the first of September, needed for the defeat of Lincoln and Hamlin. HURRICANE AT PATCH GROVE .-- A (CTrible storm of wind, hail and rain visited ers and sailing vessels passed in sight of the region of Patch Grove in Grant county, last Tuesday. Great damage was done to Mount Pleasant, which are situated about property by the wind blowing down fences and outbuildings, and by the bail in breaking windows and injuring crops. DEATH OF THEODORE PARKER.-The following extract from a private letter, dated at Florence, May the 11th, appeared in the London News:

"There sad news to communicate. Our dear, suffering friend, Theodore Parker, died yesterday evening. Yet, there was never an easier end to a life but lately full of vigor. I saw him about three hours bafore he died, lying calinly, while life was obbing away unconsciously to himself. He left written directions for his funeral, limiting to five persons the attending him to the grave, of whom I am one. Many Americans here are expressing their wish to appear as monrners, but it is thought right to abide by his instructions. He desires the eleven list verses of the Sermon on the Mount (the blessings of Jesus) to be read over his grave, and then a plain gray stone, with his name and age, and nothing further of inscription. Mr. Cunningham, a Boston Unitarian minister, will read the passage. He is a sincere friend and admirer of Parker. We hope to get a cast taken of Mr. Parker to-day. Mrs. Parker, his poor gentle wife, has hitherto borne up well. Miss Stevenson, who has so long resided with them, was also with him to the last. She thinks, from the peculiar tenderness of his manner yesterday, that he knew he was dying. He had been dreamy for some days, talked ramblingly of two Theodor Parkers, one here, and one planted in Boston, who would finish his work; perhaps a true thought, only mystically expressed.— Among his last well-connected words were

these:
"'Of course you know I am not afraid to die, though I wish to live and finish much work which I longed to do. I had great powers committed to me, and I have not alf used them.'

"Since writing this I have seen him lying, O so peacefully! I have never seen death under a form so devoid of terror.— The hectic color remains on his cheek, and it is hard to pursuade oneself he has passed way. He ceased to breathe without the least struggle!"

SAD OCCURRENCE.-A GIRL KILLED BY LIGHTNING.—During the severe thunder storm on Saturday afternoon, the lightning tion of Halsted street with the Archer road, killing instantly the daughter of a German resident.

The girl, Amelia Grietzmerker, fourteen years of age, went out during the shower to drive home their flock of geese, and while so doing, about twenty rods distant from the house, the tremendous bolt came, prostratng and killing her instantly. A standing in the door of a cottage some yards distant, was knocked down and stunned, but has recovered.

The unfortunate girl was first struck on the back of the head, a dark line the length of her person indicating the passage of the electric fluid. Her clothing was set on fire, and extinguished by the rain, but not crowns, until the body was much scorehed. A portion of the metallic hoop she wore was melt ed. From the body of the victim the electricity passed into the earth, in its passage making a hole some three feet deep.—Chago Journal.

The Augusta (Ga.) Dispatch says mild-ly that "the candidate of the black republican party for the presidency is a recrean son of the south—a traitor to the mother that bore him—having been born in Hardin county, Ky., Feb. 12, 1809, and is, therefore 51 years old. He was a plow-boy, but emigrated to Illinois at the age of 21, where he became captain of a company of volun-teers against the Indians, and, unfortunately for the country, escaped the tomahawk and scalping knife."

MILKING IN SILENCE.-At a meeting of the Farmers' club at West Cornwall, Connecticut, one of the members observed that no talking should be tolerated in the yard or among the cows, while milking was going on. Another said he had discharged a man because he would talk and interrupt the milking in his dairy, and that in three days afterward the increase in the yield of milk was equal in value to the amount he would have to pay the man in wages.

CROPS IN KANSAS.—The State Record, published at Topeka, Kansas, of May 26th,

From a recent visit into the country du ring the past week, we are satisfied that the wheat crop of this section will this year be almost a total failure, not producing, on an average, as much seed as was sown. A large breadth of country was last winter sown to winter wheat, which is now headed out about six inches above the ground, and very thin at that, being literally worthless. Some of the spring wheat put in this spring may produce a partial crop, but a large por-tion of that is also a failure.

This will be a severe blow to Kansas, and

we fear will produce a stringency which we have not before felt. It is not too late, however, if we have timely rains during the balance of the season, of which there is some prospect, to mitigate the effects of this misfortune, and every farmer owes it, not only to himself, but to the community, to use every exertion in his power, to that end. The land which has been devoted to wheat. may yet be cultivated in corn, buckwheat, potatoes, &c. Upon these we will have to rely mainly for the next year, and of them there is a fair prospect of being able to raise a fair crop, if the wheat crop is at once abandoned, and prompt attention turned to other productions.

Correspondence of the Daily Cazette DENVER CITY, May 24, 1860.

EDITORS GAZETTE:-Janesville was well represented yesterday afternoon in point of numbers, at the store of C. A. Cook & Co., of this place. Messrs. Clow, Yates, Inmann, Libbey, Roworth, Peck, Ruger, Stone, Hays, Alden, Cook, the two Sears, and myself. The tramp over the plains has been a pleasant one, though quite fatiguing, making the distance from St. Jo, here in nineteen traveling days. As we were coming For Blackwood and the four Reviews 10 00 into town yesterday, when about 15 miles out, we came into a crowd of about 1,500 Apache Indians, all mounted on ponies, on their way to the Platte river to encamp. The sides of nearly every other animal was covered with antelope meat, which they were anxious to swap for sugar or flour. One or two pint cup fulls of either, would secure a fue hind quarter of antelope. At one time we were escorted with from one hundred to one hundred and fifty of these Indians mounted on the best looking ponies I ever saw. There were many of them that showed off to better advantage than my favorite one I have driven so long in your streets. All at once a yell was heard, which was repeated in all directions, and then such a race as I never saw before. A moment's glance showed the cause of this commotion, which was an antelope not over 80 rods distant and in full sight .--Within one minute, upwards of one hundred hunters were after him in full chase, and, oh! such a sight. Nothing less than a buffalo hunt, could exceed it. The poor antelope kept up the reputation of his breed for speed, and showed some tall running. One hunter would follow him till his steed was blown, and then another would take him, and perhaps drive him into a circle of twenty to thirty, where each would head him off, till at last the poor animal would make a break, and out he would go, and they all after him. It was a grand ans, but death to the game. We afterwards | and return. saw them chase two others, in the same

The imigration to these mines this season is immense. We passed some days near 200 teams all bound to the golden hills. A great many families are coming. expecting to settle in the mountains, but it is a poor a place to bring up children in. For the sake of the community, I am glad these true wives and mothers are coming, but for their own sakes I am sorry. Without the humanizing, reliaing and softening influence of the female character, man soon becomes demoralized in behav-

Some have already seen the elephant and are returning, and within three weeks the stampede home will probably be as great as it is now here. As I cannot speak of mining matters from observation, I will say nothing till I know more.

For the Daily Gazette. MR. C. LOFTUS MARTIN-DEAR SIR :-I wish to give you notice that your letter denot screen you in the least from the censure which you so justly deserve for your wilful meetings of the club since you were elected to that office. Why, Lieutenant, you will recoilect that you were present when you were elected, consented to be put in nomination for the office, and I presume voted for yourself as the vote was unanimous .-Wby, my dear man, you cannot suppose for a moment that you can throw away such honors, or relieve yourself of the burdens of the office you hold by a simple letter of declination published in a "village newspaper." The idea is preposterous, it can't be done, and as your superior officer, I com-MAND you to appear at the court house, at 71 P. M. of this day, armed and equipped,

Do not be scared away by the foolish idea which some designing wretch of a democrat has been endeavoring to impress you with, that your office of Lieut. Col. 9th Regiment W. S. M. is higher in grade than that of 4th Lieut, of the Wide-Awakes. It is no such thing. The latter is as much above the former as the former is above that of engineer of an Irishman's wheelbarrow .--Promotion downward? Indeed? Why, man, do you not see that your superior officer "in the 9th," James M. Burgess, is only a private in the ranks of the Wide-Awakes, and like a sensible man as he is known to be, he rightly regards this position as far higher in rank than that which he holds under "A. W. Randall, Commander-in-Chief TIMOTHY SEED-scarce and in demand at 2.2502.00 W. S. M." Lieutenant! hear the word of command from your superior, " Follow your file leader, march to the music and keep step." J. A. SLEEPER,

then and there to do and perform such duty

as your office imposes upon you.

ville City Wide-Awake Club. Janesville, June 5th, 1860. A RAIL FOR WISCONSIN .- The Chicago Journal says-we saw a "rail" regular certified to as being genuine, at one of our wholesale stores on Water street, on Saturday. One of their customers in Wisconsin,

in ordering a bill of groceries, added, " and

one rail made by Abraham Lincoln," which

was sent accordingly.

THE BRITISH REVIEWS .- It is perhaps unnecessary to call special attention to the merits of these great periodicals. They have long been celebrated for their elaborate and able criticisms, learned and attractive DRUG AND TEA STORE! essays, and their chaste and classic style. The represent respectively all the great parties of England, both in church and statethe London Quarterly representing the Conservatives, the Edinburgh Review the Whigs, the Westminster Review the Libererals, Blackwood's Magazine the Tories, and the North British Review the Free Church of Scotland. The careful perusal of any one of them for a single year is positively a liberal course of education, and they should be read by all who have a taste for a sound and elevated literature.

The American reprint is furnished by L. Scott & Co., New York, at the following terms:

Ream A Buchanan democrat of Afton complains that the "Lincoln Ferry" across Rock river above that burgh is not safe and convenient for all kinds of passengers, but "dumps some of them into the mud." We would not like to vouch for the truth of this statement, but the dumping into the mud occurs only, we presume, when he is a passenger, and is only a foretaste of what will happen to the whole border ruffian party next November, in their attempt to cross over Jordan upon "Old Abe's" ferry. He does not carry that kind of freight.

DETENTION .- The Milwaukee & Mississidpi railroad train was detained about an hour between Milton and Madison on Sunday night by a slide from an embankment, caused by the heavy rain. The track is now all right.

A letter is detained in the Racine post office, for want of pre-payment of post- Junesville, May 254, 1880. age, for Charles R. Bennett, of this city.

There is also a letter advertised in Madison for Colby & Wiley of this city.

ALL RIGHT .-- We are informed by one of the directors of the C. & N. W.R. that actual stockholders of said company, with their wives, will be passed over the company's road to Chicago to attend the annual meetsight to us, an exciting sport to the Indi- ing for the election of directors on the 7th,

This is a later and better order than the one we published yesterday.

THE STORM .- We understand that the storm in Porter was quite severe. A house was unroofed, fences were prostrated, and crops injured to some extent. At Fulton the dam across the Catfish was carried away. Loss about \$500. At Evansville a barn belonging to Edwin Bemis was blown down.

The Indianpolis Journal, of the 1st inst., after personal observations of many fields of wheat in Marion, Boone, Clinton, Tip cance, Carroll, Hamilton, Tipton, Miami, Wabash and Huntington counties, and interviews with farmers in the counties named, concerning the growing grain, does not believe there will be an average crop. The grain is very short, owing to the recent dry weather, and stands on the ground rather thin. There are occasional patches of first rate wheat.

We find in an English paper an account of two murderers who escaped from the custody of the sheriff, and hid themselves in S1, butter 50c, trash beef 121a15, and batthe big gun at Dover. They should, when found, have been discharged at once.
